Sub: Use of GSM/LTE/VoLTE based FCT phone as TPC phone due to non-availability of OFC.

****

In view of the reference received from Railway Electrification, regarding use of GSM/LTE/VoLTE based FCT phone as TPC phone due to non-availability of OFC, Board (DG/S&T) has approved following:

1. FCT Equipment should have feature of allow calls only from allowed callers and other outside calls should be blocked.
2. Caller ID feature should be available in FCT, so that user should be able to identify all incoming calls.
3. Hot Key feature should be available in FCT so that call should be routed to TPC on press of a single button.
4. This provision should be kept only as interim measure till non-availability of OFC Cable in the section.
5. Consent of the User Department should be taken before provision of this facility.
6. Availability of sufficient Mobile Signal strength must be ensured before use of FCT as TPC Phone.
