RECORD ELECTRIFICATION BY CORE IN 2017-18

Central Organisation for Railway Electrification (CORE), has created history by electrifying 3155 route kilometer of railway track during the financial year 2017-18. It is the ever highest electrification done in a year by CORE which is more than three times the electrification done in previous year.

Mr. Ghanshyam Singh, Member Traction, Railway Board, and ex-officio Secretary, Government of India during his visit to CORE headquarter office on 04.04.18 congratulated all the officers and staff for this significant accomplishment and appreciated their sincere efforts for the achievement of 3155 route kilometer.

During a two-day review meeting, Mr. Singh held detailed discussions with the officers and Chief Project Directors for achieving the targets set by Railway Board for the coming year 2018-19 and directed to make all out efforts by all projects to achieve this target.

On this occasion General Manager, Mr. Ratan Lal, expressed his commitment for timely completion of targets while maintaining highest level of quality of work. Early supply of materials, speedy award of contracts and timely payments etc. were also discussed in the meeting.
