Press Release
Railway Electrification celebrates Independence Day

The 72th Independence Day was celebrated with gaiety and enthusiasm in the Office of Central Organisation for Railway Electrification, Allahabad. Shri Ratan Lal, General Manager, CORE hoisted the National Flag. A Colorful turned out contingent of Railway Protection Force presented guard of honor. Railway employees & their children presented a lively cultural programme on this occasion . General Manager extended heartiest greetings and good wishes to all the officers and staff of Railway Electrification Organisation.

On this occasion, GM told that we have electrified 3155 Route Kilo meter track during the year 2017-18 which is best ever performance in the history of this organization and is more than three times the electrification done in the previous year. In fact, in the last month of financial year 2017-18, we have completed 1191 Route Kilo meter of electrification, which is even higher than the total electrification done in any previous years. This show the tremendous potential and commitment of officers and staff for achieving the goals given to this organization.

In the current year, Railway Board has given challenging task of electrification of 6600 Route Kilo meter to CORE which is more than twice the target of previous year. The tall target given to us shows the trust on the commitments of this organization in achieving new milestones in the field of electrification. We have already commissioned 173 Route Kilo meter of track in the first four months of current year.

Under the Digital India programme of Government of India, we have launched Mobile App for bill tracking and tender information system. It will not only improve the time line of various processes but at the same time also enhance the public transparency. We have also introduced on-line vendor approval system for increasing vendor base in view of the enhanced target of electrification.
