### **PRESS RELEASE**

#### **Implementation of Online Vendor Approval System in CORE**

Moving ahead of digital India programme of Government of India, Shri Ratan Lal General Manager/CORE launched Online Vendor Approval System in CORE on dt. 18.07.2018. Presently the applications for registration of Vendors are being received manually which takes much time in processing with the launching of Online Vendor registration and approval system the processing time will reduce drastically and it will be having wider reach which result in expansion the vendor base.

Shri Ratan Lal General Manager/CORE on this occasion told that with the increased target of Electrification the requirements of materials has also increased manifold since all the materials are being procured from approved vendors. It was need of our to expand the vendor base by simplifying the process of vendor approval. He further told that Online Vendor approval system have many key features like -SMS and E-mail alert on every activity to concern users, file tracking system inbuilt to track the status at users level and comprehensive reporting system for MIS reports.

After implementation of this system there will be many advantages like- Saving time in documentation processing and reporting and also better reporting and monitoring the status of Vendor development.

On this occasion all senior officers of CORE were also present.
